

PRODUCT PARAMETER MODELO PR10

Nominal switching temperature (NST) in 5 °C	80 °C - 170 °C
Tolerance (standard)	±5K
Reverse switch temperature (RST) tolerance	See datasheet
Thickness	7.6mm
Width	16.2mm
Length	37mm
Resistance to impregnation	suitable
Pressure resistance to the switch housing	500N
Standard connection	1.0 mm ² / AWG16
Rated voltage AC	250V
Rated current AC cos φ = 1.0 / cycles	25A/ 2000
Insulation voltage	1.5 kV
Contact resistance	≤ 50 mΩ
Vibration resistance at 10 ... 60 Hz	100 m/s ²
